Revision History

The Revision History table below is updated each time the Financial Value Transparency and Gainful Employment (FVT/GE) User Guide is updated providing you with a cumulative list of revisions made to the document.

Version #	Revision Date	Change
1.8	8/18/2025	Updated fields with an asterisk (*) are pre-populated fields and should not be modified.
1.7	7/22/2025	- Updated "Accrediting Agency Name" description and field is conditional - Added Invalid Flag field option, "Y"
1.6	4/2/2025	- Added Format Tips: maintain leading zeros, do not reorder columns, details rows can be reordered without issue, abbreviate Accrediting Agency Name if longer than 35 total characters - Updated Invalid Flag field's description. Valid Values are N and space. - Added column heading lettering system for transparency with CSV specifications compatible with Excel
1.5	2/10/2024	Updated source 'Count of Enrolled Students in the Program'
1.4	10/11/2024	Updated description 'Count of Enrolled Students in the Program'
1.3	9/19/2024	- Added Gainful Employment Program Flag field - Updated "nnnnnnn" to "nnnnnn"
1.2	9/13/2024	Updated Qualifying Graduate Program indicator field's description and source
1.1	8/13/2024	Added definition for CCYMMDD and CCYYCCYY
1.0	7/15/2024	First release of the guide

Introduction

This document provides the specifications for program-level reporting of Financial Value Transparency (FVT) and Gainful Employment (GE) data to the National Student Clearinghouse for our FVT/GE reporting solution.

To start, it's important to understand how the National Student Loan Data System (NSLDS) defines GE and eligible non-GE programs in its [FVT/GE user guide](#). Our program-level reporting file layout follows the NSLDS definitions.

Per NSLDS, for GE programs only:

- If a student has graduated or withdrawn in multiple eligible programs schools will report the student separately for each program at the six-digit OPEID level. If a student has graduated or withdrawn in the same program across multiple locations, the school reports the student only once at the six-digit OPEID level. Schools are required to combine all costs and debt from each location into a single record when a student is enrolled in the same program across multiple locations.

Per NSLDS, for eligible non-GE programs only:

- If a student has completed or withdrawn in multiple eligible programs, with the same credential level, schools report only for the program(s) at the six-digit OPEID level that the student completed. Schools will NOT report a separate TA record on the program from which the student withdrew. For the program the student completed, the school will report totals for the student's entire enrollment at the same credential level at the institution.
- If a student has completed or withdrawn in multiple eligible programs, with different credential levels, schools report a TA record for each program at the six digit OPEID level from which the student completed or withdrew from.

Comma Separated Value (CSV) File Layout

1. All comma fields will be provided in the file by the National Student Clearinghouse (NSC).
2. Format tips:
 - "CCYYMMDD" represents a date (e.g., July 1, 2020 is 20200701)
 - C = Century
 - Y = Year
 - M = Month
 - D = Day of the month

- “CCYYCCYY” represents a range of years (e.g., July 1, 2020, through June 30, 2021, is 20202021)
 - C = Century
 - Y = Year
 - C = Century
 - Y = Year
- Your downloaded CSV file must be saved and uploaded in .csv format including maintaining the leading zeros within the file to avoid errors. There is not a specified file naming convention. For awareness, the columns with potential leading zeros are:
 - A – Record Type
 - B – Institutional Code (OPEID)
 - E – CIP Code
 - G – Credential Level
 - H – Published Program Length
 - J – Weeks in Title IV Academic Year
- Maintain all rows, records, columns, column headings reflected in the original downloaded file. Removing rows or changing columns/headings will result in errors.
 - Detail rows can be reordered without issue.
- Abbreviate the Accrediting Agency Name if the name is longer than 35 total characters.

Detail Record = 01

Note: Do **not** modify values in pre-populated fields below marked with an asterisk (*).

Field	Description	Data Type	Size	Mandatory / Optional / Conditional	Source	Column
Record Type *	01 indicates detail record	Number	2	M	NSC	A
Comma	Comma	Character	1	M		
Institution Code (OPEID) *	The institution's 6-digit ED Office of Postsecondary Education (OPE) code, which is used to identify the institution.	Number	6	M	NSC	B
Comma	Comma	Character	1	M		
Award Year *	Award year the student was enrolled in the program. Must be consecutive years. (CCYYCCYY)	Character	8	M	NSC	C
Comma	Comma	Character	1	M		
Program Name *	The institutional name that is given to each program.	Character	35	M	NSC	D
Comma	Comma	Character	1	M		
CIP Code *	The six-digit Classification of Instructional Programs code (without period) that identifies a program's academic content.	Number	6	M	NSC	E
Comma	Comma	Character	1	M		
CIP Year *	The year in which the certified CIP Code used was published. Values are: • 2010 • 2020 Format: CCYY	Character	4	O	NSC	F
Comma	Comma	Character	1	M		

Field	Description	Data Type	Size	Mandatory / Optional / Conditional	Source	Column
Credential Level *	Credential level of the program the student was enrolled in during this award year. Valid values are: • 01 (Undergraduate certificate or diploma program) • 02 (Associate degree) • 03 (Bachelor's degree) • 04 (Post-baccalaureate certificate) • 05 (Master's degree) • 06 (Doctoral degree) • 07 (First professional degree) • 08 (Graduate/professional certificate)	Number	2	M	NSC	G
Comma	Comma	Character	1	M		
Published Length of Program *	The length of the instructional program in weeks, months, or years as published by the school. Format is "nnnnnn," with an implied decimal point between the third and fourth digit. Thus, schools should report: • 000100 to represent a value of one tenth • 001000 to represent a value of one • 010000 to represent a value of ten • 100000 to represent a value of one hundred. Value must be numeric and greater than zero.	Number	6	M	NSC	H
Comma	Comma	Character	1	M		
Published Length of Program Measurement*	The unit of measure for the length of the instructional program as published by the school. Values are: • W (Weeks) • M (Months) • Y (Years)	Character	1	M	NSC	I
Comma	Comma	Character	1	M		

Field	Description	Data Type	Size	Mandatory / Optional / Conditional	Source	Column
Weeks in Title IV Academic Year *	The total number of weeks of instruction in the program's academic year. Only report when Published Length of Program Measurement is W or M. Format "nnnnnn," with an implied decimal point between the third and fourth digits. For example, schools would report: • 26 weeks: 026000 • 30 weeks: 030000	Number	6	M	NSC	J
Comma	Comma	Character	1	M		
Qualifying Graduate Program Indicator	The indicator asserts whether the reported program is a Qualifying Graduate Program (QGP). See FSA's FVT/GE QGP criteria resource . Valid values are: • Y (Yes) • N (No) • Space (Not applicable)	Character	1	O	NSC (If institution completed "Before You Begin: Attest to Qualifying Graduate Programs" section.) School (If institution did NOT complete "Before You Begin: Attest to Qualifying Graduate Programs" section. See resource .)	K
Comma	Comma	Character	1	M		
Programmatically Accredited Indicator	Indicates whether the program is programmatically accredited. Valid values are: • Y (Yes) • N (No) • Space (Not applicable)	Character	1	M	School	L

Field	Description	Data Type	Size	Mandatory / Optional / Conditional	Source	Column
Comma	Comma	Character	1	M		
Accrediting Agency Name	The name of the agency that accredits the program. Populate if "Programmatically Accredited Indicator" = Y	Character	35	C	School	M
Comma	Comma	Character	1	M		
Liberal Arts Bachelor's Degree Program at Proprietary Institution	Indicates if the program is a bachelor's degree program in liberal arts and 1) the institution has been regionally accredited since October 2007, 2) the program has been offered by the institution since January 2009, and 3) the institution offering the program is a proprietary institution. Valid values are: - Y (Yes) - N (No) - Space (Not applicable) Note: If this field is reported with a Y, the credential level for the program must equal 03 (Bachelor's degree).	Character	1	M	School	N
Comma	Comma	Character	1	M		
Count of Program Graduates who Attempted Licensure Exam	The total number of program graduates who took a licensure exam in the most recently completed award year.	Number	6	O	School	O
Comma	Comma	Character	1	M		
Count of Program Graduates who Passed Licensure Exam	The total number of program graduates who passed a licensure exam in the most recently completed award year.	Number	6	O	School	P
Comma	Comma	Character	1	M		
Count of Enrolled Students in the Program	The total number of students enrolled in the program for the most recently completed award year. Includes both Title IV and non-Title IV students.	Number	6	M	NSC or School	Q
Comma	Comma	Character	1	M		
State of Main Campus *	The state where the main campus is located.	Character	2	M	NSC	R
Comma	Comma	Character	1	M		

Field	Description	Data Type	Size	Mandatory / Optional / Conditional	Source	Column
Program Prepares Students for Licensure in State of Main Campus	Indicates if the program does or does not prepare students for licensure in the state where the main campus is located. Valid values are: - Y (Yes) - N (No) - X (Not applicable)	Character	1	M	School	S
Comma	Comma	Character	1	M		
State Two in MSA of Main Campus *	The second state in the metropolitan statistical area (MSA) in which the main campus is located.	Character	2	O	NSC	T
Comma	Comma	Character	1	M		
Program Prepares Students for Licensure in MSA State Two	Indicates if the program does or does not prepare students for licensure in the second state in the MSA of the main campus. Valid values are: - Y (Yes) - N (No) - X (Not Applicable) - Space (No State Two in MSA)	Character	1	O	School	U
Comma	Comma	Character	1	M		
State Three in MSA of Main Campus *	The third state in the metropolitan statistical area (MSA) in which the main campus is located.	Character	2	O	NSC	V
Comma	Comma	Character	1	M		
Program Prepares Students for Licensure in MSA State Three	Indicates if the program does or does not prepare students for licensure in the third state in the MSA of the main campus. Valid values are: - Y (Yes) - N (No) - X (Not applicable) - Space (No State Three in MSA)	Character	1	O	School	W
Comma	Comma	Character	1	M		
State Four in MSA of Main Campus *	The fourth state in the metropolitan statistical area (MSA) in which the main campus is located.	Character	2	O	NSC	X
Comma	Comma	Character	1	M		
Program Prepares Students for Licensure in MSA State Four	Indicates if the program does or does not prepare students for licensure in the fourth state in the MSA of the main campus. Valid values are: - Y (Yes) - N (No) - X (Not applicable) - Space (No State Four in MSA)	Character	1	O	School	Y
